## RED SEMI-SWEET WINE

### AGIORGITIKO

APPELLATION  
INDICATION  
HARVEST YEAR  
MATURATION

NEMEA  
VARIETAL  
2024  
STAINLESS STEEL TANKS

### VINIFICATION

Vinification of the variety takes place in stainless-steel tanks and under controlled temperature between 18-22°C. Fermentations are stopped by cooling the fermented must, leaving residual sugars in the wine. Immediately after, the processes for the preparation of bottling begins.

### ORGANOLEPTIC CHARACTERISTICS

Red, bright color. Rich aromatic profile of red fruit and vanilla notes. Soft tannins in the mouth, balanced sweetness and a full mouth with a rich fruity aromatic.

### RECOMMENDED SERVING

Pairs great with dark chocolate, soufflé, chocolate pie as well as caramelized nuts.  
Served at 8°C.

### SPECIFICATIONS
